- **Subscription ratio of 33:1 with a maximum of 51'978 new units and an issue volume of around CHF 59.3 million**
- **Subscription period: 6 to 31 May 2024 with payment date of 28 June 2024**

Swiss Prime Site Solutions is carrying out the 12th capital increase for the Akara Diversity PK real estate fund (specialising in residential and commercial properties). The subscription period will begin on Monday, 6 May and end on Friday, 31 May 2024 at 12:00 noon. The payment date for the fund units will be 28 June 2024. Existing investors will be able to exercise their subscription rights in this capital increase.

12th capital increase Akara Diversity PK

The 12th capital increase of Akara Diversity PK aims to secure a maximum issuing volume of 51'978 new units. Thirty-three (33) existing units entitle to subscribe to one (1) new unit at the issue price on the payment date of CHF 1'140.00 each (including ancillary costs and issue commission). The issue will be carried out on a best-effort basis under a subscription offer to investors who are eligible under the terms of the fund contract. Unsubscribed units will not be issued.

Existing investors can exercise their subscription rights in respect of the capital increase. If any subscription rights remain unexercised, new investors will have the opportunity to participate in the fund.

Use of the capital

The capital raised will be used mainly to expand the portfolio in line with the strategy. Exclusive transaction opportunities have already been secured. In addition, ongoing projects are financed and, where possible, the borrowed capital ratio is reduced further.

Akara Diversity PK fund profile

Akara Diversity PK is open to tax-exempt pension funds and social insurance and compensation funds registered in Switzerland. Investment funds may also invest if their investor base consists solely of the above-mentioned tax-exempt institutions domiciled in Switzerland. The valuation of the shares is based on the NAV without premiums/discounts, which reduces volatility. Investment is made in existing properties and development and construction projects with residential or commercial usage types (50%, ± 15 percentage points) throughout Switzerland. It aims to achieve a steady and attractive distribution, long-term value growth and broad diversity. Most properties are held directly.
